THE PRICE OF LIFE

Confronting 21st Century Slavery

The New Ohio Union's Archie Griffin Ballroom
April 22, 2010 / 7:00 PM

In an evening talk show format, with performing artists, videos, brief messages, and elements of the classic "Price is Right" game show, we will learn what we can do to help end slavery in our lifetime. So, come on down-you could be a contestant in "The Price of Life!"

Help stomp out the global rape-for-pay industry of child sex trafficking. How? Come participate in this engaging, and even entertaining, capstone night. The event is free and will include opportunities to play and win prizes in our own "Price is Right"! Donations received will support the front-line anti-slavery work of the International Justice Mission, World Vision, the Not for Sale Campaign, Hagar International, and Gracehaven House. For more information about these organizations or the events of the Price of Life Invitational, please visit www.osupriceoflife.org or follow us on Twitter or Facebook (priceoflife).

What is the role of Christian spirituality in the modern-day abolitionist movement? What does Jesus have to do with slavery? Hear from the Price of Life Campaign Director, R. York Moore, author, international speaker, and modern-day abolitionist regarding faith in God and the modern-day slave trade.
