+ trade justice mission
SOWING THE SEEDS OF HOPE

Trade Justice Mission is a non-profit humanitarian organization that brings Fair Trade business opportunities to the impoverished and marginalized through its Okoo Jewelry co-ops. The members of these co-ops include sex-trafficked women in the U.S. and the Philippines, Cambodian, Taiwanese, and Indonesian orphaned teenage girls at high risk for sex-trafficking, and AIDs widows in Zambia and Tanzania.

This event will examine the opportunities and challenges to building fair trade and microfinance partnerships. Participants will also obtain direction for creating such partnerships for the at-risk communities they serve.
